

# JONNY GREENWOOD

## Composer

Jonny Greenwood is best known as the lead guitarist of the band Radiohead, which he joined while still at school. He started to study psychology and music at Oxford Brookes University, but only finished his first term before leaving to sign a six-album deal with EMI, and start his recording career with the band. Radiohead have realised phenomenal success over the past decade, with multi-platinum album sales and an ever growing worldwide following.

Independently of his work for Radiohead, Jonny has over recent years established a growing reputation for himself as a composer of classical works, and has at the same time emerged as one of the most sought-after film composers working in Britain. His score for Paul Thomas Anderson's ***There Will Be Blood*** was received with huge acclaim and won for Jonny an **Ivor Novello award** for 'Best Original Film Score' in 2009. Subsequent film credits include Tran Anh Hung's ***Norwegian Wood***, based on the novel by Haruki Murakami, Lynne Ramsay's ***We Need To Talk About Kevin***, and the Paul Thomas Anderson films ***The Master*** and ***Inherent Vice***.
